"One of Pewaukee's Natural Resources"

While Steve Bergelin grew up in Waukesha County and sells homes all over the region, he moved to Pewaukee 18 years ago. Steve resides there with his wife Joyce, and daughter Rachel.

"I am especially interested in helping people buy and sell homes in the **Pewaukee area**, for I have developed an expertise for all aspects of the community, from the starter homes and condominiums to the executive neighborhoods and lake properties."

As an active member of the **Pewaukee Chamber of Commerce**, Bergelin is also very enthusiastic about Pewaukee's high quality of life. "With the continued development of the downtown area, the lakefront development, the newer Pewaukee Library, and the only school district with a single campus, Pewaukee has positioned itself as a community that is very desirable."

A **second generation Realtor**, Steve has a wealth of sales and marketing experience. He has a degree in marketing and consumer behavior from **Marquette University** and more than **25 years** of professional sales, marketing, financing, and negotiating experience. In addition, he has obtained advanced designations through the National Residential Sales Council, Wisconsin's Graduate Realtor's Institute, and the National Association of Realtors e-PRO Certification.

His performance consistently ranks him **top 1% nationally**. More importantly he cares about each individual sale he's involved in.

To talk to a Pewaukee residential real estate specialist, call Steve Bergelin at **(262) 369-8920**, or visit his web page at www.SteveBergelin.com.
