

# Elon Park – Disc Golf

A new disc golf course, designed especially for families and children, is being constructed at Elon Park in South Charlotte (on Ardrey Kell just off of Hwy 521). This project is being developed by a 3-way partnership between:

- Mecklenburg County Park and Recreation
- The Charlotte Disc Golf Club (charlottedgc.com)
- Volunteers from the Charlotte community

In a unique tie-in to the community, the tee signs at each hole will feature artwork by children attending nearby schools. The plan is to feature art from all age ranges, and to swap out the art periodically.

Hundreds of hours of volunteer labor have already been donated by the Club and the community, along with lots of help from Park and Rec. And although this project is on the Elon Park Master Plan, it is not in the budget and is therefore unfunded. Money is still needed to cover the cost of the targets, tee pads, tee signs, etc.

That's where you come in! **Anyone who makes a ONE-TIME donation of \$300 will be recognized with a PERMANENT nameplate on one of our tee signs.** This free-to-play course is expected to exist for many years, and is expected to see THOUSANDS of people pass through it – primarily residents and families of South Charlotte. The high-quality nameplate will be about 3" tall and 12" wide and made from high-durability recycled plastics.

If you would like to donate and see your name on a nameplate, please use the form below. For more information or budget details, please contact Rodney Gardner at [rodney.gardner@gmail.com](mailto:rodney.gardner@gmail.com) or 704-752-7165. Thank you for your interest!

(Tee sign concept – implementation may vary.)
